

jda. internship experience...

Your career ambitions-delivered

Want to take what you've learned in school and put it to work in the business world? Be rewarded for your hard work and innovation? And have a little fun while doing so? You've come to the right place!

About our company

- International organization: 70 offices in 30 countries with ~4,000 associates
- Celebrating over 30 years in the business
- Named "leader" in all five Gartner Magic Quadrants on supply chain

What makes Us Unique

- Collaborate with all levels of management
- Interns receive project-based work with clear objectives, no filing and photocopying done here!
- Share internship experience with presentations to corporate leaders and department teams at the end of your internship

Our Culture

- Open office concept (not even our CEO has an office), game room, and gym at Global Headquarters
- Collaboration-teamwork and a "whatever it takes" attitude
- Fluid – not bureaucratic, fast-paced, agile and nimble

About Our People

- Creative: 400 patents granted and pending
- 10,000 people years of supply chain and retail expertise
- Learn from the experts in supply chain – domain expertise, decision science and user experience (UX) as well as JDA Fellows assigned to top projects

Fun Facts

- Attend Lunch and Learns where you will have the opportunity to hear from the top leaders in supply chain
- We have interns from Arizona State, Arizona, University of Texas – Dallas, Kennesaw State, University of Wisconsin, Madison and Milwaukee, and many more!
- Internships offered: Accounting, Finance, Marketing, Information Technology, Legal, Human Resources, Customer Success, Education Services, and Product Development
